

MODERN DAY SLAVERY STATEMENT

Chelmer Foods Ltd is committed to driving out acts of modern day slavery from within its own business and from within its supply chains. The Company acknowledges responsibility to the Modern Slavery Act 2015 and will ensure transparency within the organisation and with suppliers of goods and services to the organisation.

The organisational structure of the business is a family owned enterprise that imports and distributes dried fruits, nuts and seeds to its customers. Within the supply of these products there are certain relationships with external businesses for the sourcing of products at certain times of year. These make up the supply chain within Chelmer Foods Ltd.

As part of the Company's due diligence processes into slavery and human trafficking, the supplier approval process incorporates a review of the control undertaken by the supplier. Imported produce from sources outside the UK and EU are potentially more at risk of slavery and human trafficking issues. The level of management control required for these sources will be continually monitored.

The Company will not support or deal with any business knowingly involved in slavery or human trafficking.

The Company Directors and Senior Management shall take responsibility for implementing this policy statement and its objectives. They shall provide adequate resources (training etc.) and investment to ensure that slavery and human trafficking are not taking place within the organisation and its supply chains.

This statement will be reviewed annually and published.
